The Injured Marine Semper Fi Fund was established in May 2004 by a nurse at Camp Pendleton Naval Hospital, whose husband was deployed to Iraq. She saw first hand the needs of those returning from battle and the financial impact on their families. She brought together a group of Marine Corps spouses to implement a plan to help these heroes and their families.

**To date, the Fund has provided more than \$5 million in assistance, thanks to the overwhelming generosity of donors from across America.**

## **OUR MISSION**

The Injured Marine Semper Fi Fund provides financial assistance to Marines injured in combat and in training, to other service members injured while in direct support of Marine units, and to their families, to help defray expenses incurred during hospitalization, rehabilitation, and recovery.

Our goal is to alleviate the financial burden placed on the family so that their focus can be on their loved one's recovery.
